Manufacturer of All Kinds of Crankshafts

CRANKSHAFTS • CRANKSHAFTS • CRANKSHAFTS • CRANKSHAFTS

CATALOGUE
2015-16

Offering a wide range
of **Agriculture Tractor
Crankshaft, Automobiles
Crankshaft**

Company Profile

SEW Crankshaft India is a leading Crankshaft Manufacture, Supplier & Crankshaft Exporter. **SABHARWAL ENGINEERING WORKS** in New Delhi, India based Tractor Crankshaft Manufacturer, Automobiles crankshaft and any type of crankshaft as per customers requirement Manufacturing Company that has been concentrating on very high quality precision products. The Company believes in crank shaft manufacturing at competitive price and has been doing the same since 1970.

We are well known for maintaining high degree of accuracy in automobile parts manufacturing. At Sabharwal Engineering Works quality comes first. For the company, Customer Satisfaction remains a prime concern. The company is original automobiles and tractor crankshaft manufacturers and deliver quality product on time.

1975 was a humble beginning for SEW. Today our manufacturing capability spans an area of 300sq. acre. With a capacity of 40,000 Crankshafts P.A., We have indeed stretched echelons of success while overcoming all the challenges in the industry.

Continual up gradation of technology and constant focus on the improvement of product quality has resulted in our products being not just accepted but preferred IN DOMESTIC COUNTRY.

Research and Development

With ongoing technological developments in the industry, we have upgraded us with latest machines and equipment. For this, we have set up an independent research and development division. It is staffed with a multi-talented team of engineers and technicians. They work round the clock and in tandem with the ongoing advances in the industry to accordingly incorporate it in our products, facilities and systems. Our collective capabilities and an urge for perfection have made us the leading business entity and foremost choice in this domain.
